**Understanding and Applying Basic Public Policy Concepts**

Every policy has three key elements: a problem definition, goals to be achieved, and the policy instruments to address the problem and achieve the goals Policy may be formal or informal: a formal policy might take the form of a planned policy document that has been discussed, written, reviewed,

approved and published by a policymaking body

### **TE 919: POLICY ANALYSIS IN EDUCATION Instructor: Dr. Maria ...**

5 In a typical policy analysis course students are expected to learn to be analytical and descriptive of public policies However I believe that students should learn to do what is known as “policy studies” In general terms “Policy Studies” is a combination of “policy analysis” with the rigorous methods of “program evaluation”

#### **Guide to Policy Analysis**

- Policy analysis could be a tool for solving smaller-scale, technical questions, for instance those related to assessing the costs and benefits of actions within a project This is known as the ‘analycentric’ approach (Schick, 1977)
- The impact of policy could also be analysed by focusing on a somewhat bigger picture, namely on

#### **Social Problem and Policy Analysis Frameworks**

Framework for Policy Analysis {Policy Elements (in each, examine range of alternatives, social values that support, theories/assumptions implicit) z Mission, goals, objectives z Forms of benefits/services z Entitlement rules (basis for allocation) z Structure/strategy for delivery z Financing (public vs private, also level) z Interaction among

#### **A Framework for Analyzing Public Policies: Practical Guide**

more sought after by policy makers, who are held accountable and are subject to various pressures, which accounts for their concern to anticipate how stakeholders are likely to react to a given policy Thus the need for a two-pronged analysis, focused at once on the effects of the policy being studied and

#### **Brief 3: Evaluating Policy Content**

policy over time by examining policy revisions, amendments, revised regulations, court rulings, or other formal changes to the policy Legislative or policy databases are a vital tool in comparing policies across jurisdictions (including international, national, state, and local) A list of several such databases can be found in Appendix N
