What Is the Rule of Law?

The rule of law does not have a precise definition, and its meaning can vary between different nations and legal traditions Generally, however, it can be understood as a legal-political regime under which Laws must be prospective in nature so that the effect of the law may only take place after the law has been passed For example, the

Principles of the Rule of Law

rule of law-as a principle constitutive of what is a law-like use of law to order human relations, and yet the principle might not itself be recognized within any given system legal in nature and less obviously rooted in moral notions There are many such principles in the first order law of Western systems For discussion of the foregoing

The Nature, Purpose, and Function of Criminal Law

The criminal law is the foundation of the criminal justice system The law defines the acts that may lead to an arrest, prosecution, and imprisonment States punish a range of acts in their criminal codes The Nature of Criminal Law Crime is conduct that, if shown to have taken place, will result in a formal and solemn pronouncement of moral
