The Experience of Japanese Americans in the United States: A Teacher Resource Manual. What, then, of the Japanese American experience what is it that needs to be explained? The answers will depend upon the point of then society is clearly capable of allowing minorities to advance. One lesson said to be gained from such a conclusion is that

World War II and the American Home Front

American industry provided almost two-thirds of all the Allied military equipment produced during the war, 297,000 aircraft, 193,000 artillery pieces, 86,000 tanks, two million army trucks. In four years, American industrial production, already the world’s largest, doubled in size. The output of the machine-tools to make weapons trebled in

DOCUMENT RESUME

Interviews with Japanese American women revealed that they developed an Asian American identity by resolving initial identity conflicts, and that the process occurred in five stages. In the first stage, the individuals' interaction with family and friends led to ethnic awareness, or a consciousness of their Japanese descent.

Outsider Citizens: Film Narratives About the Internment of ...

Asian American documentary filmmakers construct their Japanese characters as model minorities—hyper-citizens, super patriots. Further, the internment experience depicted in films remains largely a male story. With the exception of Emiko Omori's documentary film memoir, *Rabbit in the Moon*,¹² the stories and voices of Japanese-American women.

UPWARD MOBILITY AND DISCRIMINATION: THE CASE OF ...

Asian American ("Asian") history represents a puzzling case study because Asians are a "non-white" American racial group that experienced long-term, institutional discrimination, yet still achieved mean income levels similar to whites by the late 1960s.¹ In this paper I re-examine and provide a new explanation for this puzzle.
