The Struggle for Iran Oct 24 2019 When Christopher de Bellaigue first visited Iran in 1999, he found it irresistably alive: under the leadership of President Mohammad Khatami, Islamic revolutionary rule was loosening and the prospects for democratic pluralism seemed bright. But over the remaining six years of Khatami's presidency, de Bellaigue watched as the conservative religious establishment reasserted its power and the hopes of reform slowly died. The country seemed to turn its back on all that Khatami stood for when it elected an unsophisticated Islamist ideologue, Mahmoud Ahmadinejad, to succeed him in 2005. As the optimism of the reform movement was fading, international tensions over Iran's nuclear program were rising. George W. Bush included Iran in the "axis of evil," depicting it as a malign theocracy determined to acquire nuclear weapons and threaten Israel. Yet de Bellaigue's accounts of the nuclear negotiations make clear that the West's opposition to Iranian nuclear ambitions has helped both to empower those who oppose democratic reform and perhaps even to convince Iran it needs nuclear

weapons for self-defense. Beyond the high political drama, de Bellaigue, a long-term resident of Tehran and a fluent Persian speaker, gives a sense of the complexities of Iranian culture and society through striking portraits of Iranians going about their daily lives—reading the poetry of Rumi, looking at modern art, making films under the threat of censorship, trying to get by despite domestic turmoil and military threats. His keen analyses of Iran's politics and its people offer fascinating insights into a often misunderstood nation that poses some of the most challenging problems facing the world today.

Madrasas in the Age of Islamophobia Mar 21 2022 In the age of Islamophobia, Madrasas are at crossroads—infamously labelled as 'dens for terrorism' where the 'youth are misguided, motivated and recruited to resort to anti-Indian activities'. It is little known that in the golden past, Madrasas schooled reformers and personalities such as Rajendra Prasad, Motilal Nehru, Raja Rammohun Roy and many other noteworthy Islamic scholars. Through bonafide stories of products of Madrasas, the authors narrate the decline of the madrasas from being centres of excellence to institutions of restricted learnings with dark clouds of stigma surrounding them. Short of resources, rejected by the well-heeled, and condemned by politicians, will they be able to turn the corner? The answer is blowing in the wind.

Jinnealogy Nov 24 2019 In the ruins of a medieval palace in Delhi, a unique phenomenon occurs: Indians of all castes and creeds meet to socialize and ask the spirits for help. The spirits they entreat are Islamic jinns, and they write out requests as if petitioning the state. At a time when a Hindu right wing government in India is committed to normalizing a view of the past that paints Muslims as oppressors, Anand Vivek Taneja's Jinnealogy provides a fresh vision of religion, identity, and sacrality that runs counter to state-sanctioned history. The ruin, Firoz Shah Kotla, is an unusually democratic religious space, characterized by freewheeling theological conversations, DIY rituals, and the sanctification of animals. Taneja observes the visitors, who come mainly from the Muslim and Dalit neighborhoods of Delhi, and uses their conversations and letters to the jinns as an archive of voices so often silenced. He finds that their veneration of the jinns recalls pre-modern religious traditions in which spiritual experience was inextricably tied to ecological surroundings. In this enchanted space, Taneja encounters a form of popular Islam that is not a relic of bygone days, but a vibrant form of resistance to state repression and post-colonial visions of India.

Al - Hidayah (The Guidance) Mar 09 2021 The Hidayah has dominated the field of Islamic jurisprudence since the day it was written over 800 years ago. It has been the primary text used by Muslims jurist to issue authentic and reliable rulings on Islamic law according to the school of Imam Abu Hanifa (d 150H/767CE). The Hidayah commands such an authoritative position amongst the doctors of law that the knowledge of a scholar who has not read it is not considered reliable. It has been a standard text in the curricula of

Islamic law schools since the 12th century. It was first translated into English by Charles Hamilton in 1791. Around 70 huge commentaries, some spread over more than a dozen volumes have been written on it. The number of explanatory glosses is in thousands. Comprehensive in content and conveniently organized, with the publication of this all previous works that discussed Islamic jurisprudence according to the Hanafi law become outmoded and soon fell into disuse. If revealed books are not taken into account, never has a book received so much attention as the Hidayah. This landmark publication of the Hidayah not only has been translated in its entirety for the first time but has been done so from Arabic, the language in which it was written. The author, Shaykh Al Islam, Burhan Al-Din Marghanani (d 593 AH/ 1197 CE) was considered to be the leading jurist of the Muslim world in his times. "The hidayah is justly celebrated as the most practical and useful summary compilation of Hanafi jurisprudence. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated by Charles Hamilton in 1791. A new translation into modern English has been long overdue. This translation by Imran Ahsan Khan Nyazee is both precise and straight forward. With his knowledge of Islamic law and jurisprudence combined with his command of both the Arabic and English languages, he has conveyed the meaning of the original with great clarity. The hidayah is a dense work, intended for use in teaching Hanafi fiqh - it is a work that needs explication if its arguments are to be understood fully. This the translator has provided through this valuable notes" Dr Mohammad Akram Nadwi, research fellow, Oxford centre for Islamic studies, Oxford
