*The Lower Rio Grande Valley of Texas* Jun 16 2021

*We Love the Fourth of July!* Dec 31 2019 The Fourth of July, or Independence Day, is a special day in the United States. In 1776, the British colonies in North America declared their independence from Great Britain. Some Americans celebrate Independence Day by having cookouts, watching fireworks, and having parades. Other people choose to celebrate by taking a vacation. This book shows some American traditions for the Fourth of July through eye-catching illustrations. Manageable text makes this book perfect for young readers and listeners.

**50 Adventures in the 50 States** Feb 10 2021 Set your spirit free on 50 amazing American adventures with this book that show cases the most exciting outdoors activities in each of the 50 states.

**The American Bird Conservancy Guide to the 500 Most Important Bird Areas in the** Jul 26 2019 The American Bird Conservancy Guide to the 500 Most Important Bird Areas in the United States offers both bird enthusiasts and conservationists specialized information never before compiled in a single comprehensive volume. This expert resource organizes the United States into 36 ornithologically distinct bird regions, then identifies and describes the 500 sites within these regions. Each site entry includes ornithological highlights, ownership information, a description of habitats and land use, a guide to which species one can expect to find, conservation issues, and visitor information.

**Dreams from My Father** Mar 14 2021 #1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama “guides us straight to the intersection of the most serious questions of identity, class, and race” (The Washington Post Book World). “Quite extraordinary.”—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a

workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother’s family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father’s life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* “Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride’s *The Color of Water* and Gregory Howard Williams’s *Life on the Color Line* as a tale of living astride America’s racial categories.”—Scott Turow “Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither.”—The New York Times Book Review “Obama’s writing is incisive yet forgiving. This is a book worth savoring.”—Alex Kotlowitz, author of *There Are No Children Here* “One of the most powerful books of self-discovery I’ve ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel.”—Charlayne Hunter-Gault, author of *In My Place* “*Dreams from My Father* is an exquisite, sensitive study of this wonderful young author’s journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white.”—Marian Wright Edelman

**Row, Row, Row Your Boat in Texas** Aug 19 2021 Take a ride through Texas to visit icon locations!

*Port Isabel* Oct 21 2021 In the 1830s, a small community known as El Fronteron de Santa Isabel set roots on the banks of the Laguna Madre Bay. Official claim for the land was granted to Don Rafael Garcia as part of the Potrero ("Pasture") de Santa Isabel in 1828. Less than two decades later, Point Isabel was home to Zachary Taylor's Fort Polk and found itself a home base during the Mexican-American War. In 1853, construction was completed on the Point Isabel lighthouse, a navigational beacon with a 16-mile view. Port Isabel was incorporated in 1928, and a deep-water port shipped its first commercial load in 1937. By the 1950s, Port Isabel was the "Shrimping Capital of the World," and the first Queen Isabella Causeway connected South Padre Island to the mainland. Port Isabel continues to deepen its roots on the banks of the Laguna Madre Bay. Heritage and cultural tourism, a relaxed quality of life, and an appreciation for all things coastal are synonymous with Port Isabel.

*Isaac's Storm* May 16 2021 From the bestselling author of *The Devil in the White City*, here is the true story of the deadliest hurricane in history. National Bestseller September 8, 1900, began innocently in the seaside town of Galveston, Texas. Even Isaac Cline, resident meteorologist for the U.S. Weather Bureau failed to grasp the true meaning of the strange deep-sea swells and peculiar winds that greeted the city that morning. Mere hours later, Galveston found itself submerged in a monster hurricane that completely destroyed the town and killed over six thousand people in what remains the greatest natural disaster in American history--and Isaac Cline found himself the victim of a devastating personal tragedy. Using Cline's own telegrams, letters, and reports, the testimony of scores of survivors, and our latest understanding of the science of hurricanes, Erik Larson builds a chronicle of one man's heroic struggle and fatal miscalculation in the face of a storm of unimaginable magnitude. Riveting, powerful, and unbearably suspenseful, *Isaac's Storm* is the story of what can happen when human arrogance meets the great uncontrollable force of nature.

**Felt Like Giving Up** Aug 26 2019

*Texas Coast* Dec 11 2020 This beautiful book combines Laurence Parent's magnificent photographs with Joe Nick Patoski's entertaining text to create a one-of-a-kind portrait of the Texas coast.

**Mixing Secrets for the Small Studio** Aug 07 2020 Discover how to achieve release-quality mixes even in the smallest studios by applying power-user techniques from the world's most successful producers. *Mixing Secrets for the Small Studio* is the best-selling primer for small-studio enthusiasts who want chart-ready sonics in a hurry. Drawing on the back-room strategies of more than 160 famous names, this entertaining and down-to-earth guide leads you step-by-step through the entire mixing process. On the way, you'll unravel the mysteries of every type of mix processing, from simple EQ and compression through to advanced spectral dynamics and "fairy dust" effects. User-friendly explanations introduce technical concepts on a strictly need-to-know basis, while chapter summaries and assignments are perfect for school and college use. ? Learn the subtle editing, arrangement, and monitoring tactics which give industry insiders their competitive edge, and master the psychological tricks which protect you from all the biggest rookie mistakes. ? Find out where you don't need to spend money, as well as how to make a limited budget really count. ? Pick up tricks and tips from leading-edge engineers working on today's multi-platinum hits, including Derek "MixedByAli" Ali, Michael Brauer, Dylan "3D" Dresdow, Tom Elmhirst, Serban Ghenea, Jacquire King, the Lord-Alge brothers, Tony Maserati, Manny Marroquin, Noah "50" Shebib, Mark "Spike" Stent, DJ Swivel, Phil Tan, Andy Wallace, Young Guru, and many, many more... Now extensively expanded and updated, including new sections on mix-buss processing, mastering, and the latest advances in plug-in technology.

*Applied Geomorphology* Oct 09 2020 This book, first published in 1982, forms the proceedings volume of the 11th Binghamton Geomorphology Symposium. Chapters cover various coastline phenomena, glacial and periglacial processes, carbonate terrains, and specific applications of geomorphic knowledge and techniques.

**South Padre** Jan 24 2022

**Where We Come From** Apr 26 2022 ONE OF KIRKUS REVIEWS' BEST BOOKS OF THE YEAR “A richly conceived and devastating book about the border.” —Houston

Chronicle From a distance, the towns along the U.S.-Mexican border have dangerous reputations, and Brownsville is no different. But to twelve-year-old Orly, it's simply where his godmother Nina lives—and where he is being forced to stay the summer after his mother's sudden death. Nina, however, has a secret: she's providing refuge for a young immigrant boy named Daniel, for whom traveling to America has meant trading one set of dangers for another. Separated from the violent human traffickers who brought him across the border and pursued by the authorities, Daniel must stay completely hidden. And Orly's arrival threatens to put them all at risk of exposure. Tackling the crisis of U.S. immigration policy from a deeply human angle, *Where We Come From* explores through an intimate lens the ways that family history shapes us, how secrets can burden us, and how finding compassion and understanding for others can ultimately set us free.

**Exploring the Great Texas Coastal Birding Trail** Jun 04 2020 Exploring the Great Texas Coastal Birding Trail profiles more than 80 of the best sites and attractions along this approximately 500 mile trail which covers more over 41 counties along Texas's Gulf Coast and hosts half of the 600 species found in the state.

**U.S. Coast Guard Shoaling Study** Jul 30 2022

**Letting Go ... with a Clenched Fist** May 28 2022 Sometimes when life doesn't turn out the way we thought it would, our tendency is to try to fight the feelings of loss, anger, and being out of control. Dreams are dashed, people get sick, promises are broken, deaths occur, life gets messy, and we clench our fists tightly around whatever we can, trying to hold onto our perception of normal. When we learn to loosen our grip, unclench our fists, and grasp God's hand, a place of rest and healing can begin. His faithfulness becomes our new focus, and our tight knuckles open up and rest in God's palm of peace. Letting go is possible, because the discovery of God's faithfulness runs like a smooth salve over the bruised and broken places in our lives. That discovery can be trusted and counted on, beyond our wounded hearts, frayed nerves, and unanswerable questions. The journey is worth the process, and restoration and hope can then replace pain and loss.

**Lost, Texas** Nov 21 2021 In *Lost, Texas: Photographs of Forgotten Buildings*, Bronson Dorsey takes us on a tour of old, abandoned buildings in Texas that evoke the mystique of bygone days and shifting population patterns. With a skilled photographer's eye, he captures the character of these buildings, mostly tucked away in the far corners of rural Texas—though, surprisingly, some of his finds are in the midst of thriving communities, even, in one case, the Dallas metroplex. Most of the buildings are abandoned and in a state of decay, though a handful have been repurposed as museums, residences, or other functional structures. Encompassing all regions of the state, from the Piney Woods to the Panhandle, the images in *Lost, Texas* evoke distinctive memories of the past. They grant a sense of how those who preceded us lived and how the Texas of earlier days became the Texas of today. Some of the historic sites include a Coca-Cola bottling plant in Beeville, a lumberyard built over two generations, a beautiful, mission-style schoolhouse raised in a small farming community, the skeleton of a boomtown gas station near the Yates oilfield, and what remains of the only silver mining operation in Texas. With Dorsey as a guide, readers may explore these hidden and neglected gems and learn the basic facts of their origins and intended uses, as well as the principal reasons for their demise. Along the way and in the background, he quietly makes the case for preserving these buildings that, while no longer central to the ongoing function of their communities, still serve as important emblems of the past.

**Surf Texas** Jul 18 2021 The urge to ride a wave, the search for the next perfect swell, is an enduring preoccupation that draws people to coastlines around the world. In recent decades, surfing has grown into a multimillion-dollar industry with over three million surfers in the United States alone and an international competitive circuit that draws top surfers to legendary beaches in Hawaii, California, and Australia. But away from the crowds and the hype, dedicated surfers catch waves in places like the Texas Gulf Coast for the pure pleasure of being in harmony with life, their sport, and the ocean. Kenny Braun knows that primal pleasure, as both a longtime Texas surfer and a fine art photographer who has devoted years to capturing the surf culture on Texas beaches. In *Surf Texas*, he presents an eloquent photo essay that portrays the enduring fascination of surfing, as well as the singular and sometimes unexpected beauty of the coast. Texas is one of the top six surfing states in America, and Braun uses evocative black-and-white photography to reveal the essence of the surfers' world from Galveston to South Padre. His images catch the drama of shooting the waves, those moments of skill and daring as riders rip across the breaking face, as well as the downtime of bobbing on swells like seabirds and hanging out on the beach with friends. Braun also photographs the place—beaches and dunes, skies and storms, surf shops, motels, and parking lots—with a native's knowing eye for defining details. Elegant and timeless, this vision of the Texas Coast is redolent of sea breezes and salt air and the memories and dreams they evoke. Surfer or not, everyone who feels the primeval attraction of wind and waves will enjoy *Surf Texas*.

**Shrimp Tales: Port Isabel and Brownsville Shrimping History** Jun 28 2022 A history of the shrimping industry in the Rio Grande Valley on the Texas coast. Contains interviews with shrimpers from the heyday of the industry, 1940s - 1970s.

**Waterbirds** Sep 07 2020 A spectacular collection of the world's most beautiful waterbirds, celebrating both those oceanic wanderers that live at sea, coming only land only to breed, as well as those shorebirds and so-called colonial nesters that live on land but are almost always found never water.

*The Turtle Lady* Feb 22 2022 A strong woman through the 97 years of her life, Ila Fox Loetscher was always on the leading edge. Her life took her from being a pioneer aviator, through an enchanted marriage and tragic widowhood, to becoming aleading environmentalist, devoted to protecting sea turtles and making herhome in South Padre Island, Texas.

**Construction and Stabilization of Coastal Foredunes with Vegetation, Padre Island, Texas** Apr 02 2020

**Texas Natural History** Mar 02 2020 "In 1905, Vernon Bailey, chief naturalist for the U.S. Biological Survey, published his comprehensive survey of the status of mammals in Texas at that time. Now, nearly one hundred years later, David Schmidly compares Bailey's report with the status of mammals in the state today. The result is a look back at what happened to the natural environment in Texas during the twentieth century."

**Stories from Texas** Apr 14 2021 This is a collection of 70 stories from the popular radio series, Stories from Texas, that runs on the Texas Standard Network of 32 NPR stations across Texas. This is the second book in the series and includes short, memorable stories, that are extensions of the radio stories. Some are inspirational and some are humorous. The book covers the exploits of classic Texans like Sam Houston and Jim Bowie and modern icons such as Barbara Jordan, Mary Kay Ash, and T. Boone Pickens. There are funny folklore tales and urban legends here. Readers may have their phobias spike on them when they are taken up the tallest towers in Texas and into the deepest underwater caves. All the favorite critters are here, too, the coral snake, the armadillo, the horny toad, and vultures. The book even takes a look at Texas outside of Texas, such as how Texas, Australia, got its name and the incredible Texas connection to the Royal Gorge Bridge in Colorado. There's something here for life-long native Texans, and, for the newcomer, too. For the newcomer or the person abroad longing to be a Texan. this is an excellent primer on the culture of the Lone Star State. ?

**Mammals of Padre Island National Seashore, Texas** Jan 12 2021

From the sea border with Mexico to the Louisiana shore, the coast of Texas is rich in history, recreation, and natural and architectural beauty and is a major destination for both Texans and non-Texans alike.

**Barrier Islands** Jan 30 2020

Kayaking the Texas Coast Nov 29 2019 "Few experiences compare with navigating a sea kayak through a large sandy bay lined with oyster-shell beaches, past golden sand dunes into

rough ocean waters, then surfing back onto a wind-swept beach at sunset.”—from the Introduction Half of the nearly 400-mile Texas coastline is flanked by barrier islands. Behind them, large and small bays shelter estuarine marshes, oyster-reef communities, and sea grass meadows that teem with wildlife, creating a bird watcher's and angler's paradise. For an intimate encounter with these natural treasures, no other water craft can compare to a kayak. Veteran kayaker John Whorff's *Kayaking the Texas Coast* is an essential guide for beginning and experienced kayakers to the many miles of shoreline that surround the shallow bays, lagoons, and islands of the Texas coast. Novices will appreciate this book's detailed information about where to paddle and camp, what to see, and where to obtain additional information about safety and route planning. Accomplished kayakers will enjoy Whorff's enticing route descriptions and other pertinent details on paddling the Texas coastline. Opening with an extended introductory text that covers kayaks and equipment, safety considerations and emergencies, camping dos and don'ts, and helpful resources, *Kayaking the Texas Coast* also lists useful websites and guidebooks. In the main portion of the text, the coast is organized into ten destinations, from the Galveston Bay complex in the north to Boca Chica State Park in the south. For each of these destinations, Whorff provides information on navigational aids, planning considerations, accommodations, and directions to launch sites before describing various paddling routes within each destination—around seventy routes in all. Each route is ranked for difficulty as “beginner,” “intermediate,” or “advanced.” Detailed maps and vivid photographs by the author complete the package. "Kayaking the Texas Coast is your must-have guidebook to the coastline and bays of the Lone Star State. Many miles of sea kayaking adventure are described, along with maps and discussion of the natural world encountered along the way. My copy will be riding in car and kayak with me. I look forward to seeing with my own eyes what the author has described and mapped."-- Natalie Wiest, founder and director, Galveston Bay Information

*Padre Island National Seashore* Sep 19 2021

**Fishing for Photographs** Mar 26 2022 Danno Wise has spent his entire life along the Texas Gulf Coast. *Fishing for Photographs* is a collection of unique coastal angling photographs - fish, fishermen and scenery - from his award-winning career as an outdoor photographer and writer.

**Fun with the Family Texas** Jun 24 2019 Fun with the Family Texas leads the way to historical attractions, children's museums, festivals, parks, and much more.

The Padre Pandemic May 04 2020 A JIMMY REDSTONE / ANGELLA MARTINEZ THRILLER Angella and Jimmy are drawn into a drug investigation when a parachute carrying a dead man lands on the beach. Their investigation brings them face to face with a killer from their past on the squalid docks of Buenos Aires where prescription pharmaceuticals are being loaded on an Iranian ship for transport to the United States. Imposters, impersonators and double agents abound in this international thriller that pits nations against each other with the United States helpless to intervene.
