Ministering to Today's Adults Dec 11 2020 Adult ministry poses a unique challenge to churches today -- a challenge that many of us fail to meet adequately. The tragic result is an exodus of the best and brightest from our pews, not because these people have changed their theology or abandoned God. They just don't find much at church that seems immediately relevant or compelling. For nearly fifty years Kenneth O. Gangel has been teaching church leaders how to do adult ministry right. In this volume he has distilled his insights into an easy-to-grasp-and-apply analysis of what it takes to capture the attention and guarantee the participation of

adults in your church, including: * Specific advice based on ages, genders, and circumstances peculiar to certain ministries * Proven, cutting-edge curriculum models that can revitalize your church's adult instruction * Contemporary solutions to the most common problems we encounter in ministering to today's adults Whether they know it or not, even those who are lagging in church attendance and distancing themselves from other believers still need the time-proven, heaven-given blessings only the church can offer them. As you read this book, Gangel will give you fresh ideas about how to draw these drifters back into the fold. The real-life stories he tells and the successful strategies he outlines may strike in your heart some spark of imagination and renewed commitment that will help you to bring new life to the adult ministry of the church you serve.

QĪXĪNG TÁNGLÁNGQUÁN Seven Stars Praying Mantis Kung Fu Aug 07 2020 After many years of training and study, with GM ° Zhǒng Liánbǎo first and then with GM ° Lín Dòngzhù, I can say that the style of the 7 Star Praying Mantis Kung Fu has rightly earned the fame it possesses. It is an extremely ferocious, very fast style, with really incredible speed changes and technical variations. With this work of mine, I hope to give a deeper knowledge to all Chinese martial arts enthusiasts out there. Of course this work of mine is not exhaustive of the theories and of the techniques of the Seven-Star Praying Mantis Kung Fu. This style is indeed very rich in theories, but many of them are explained only to the disciples of a Master. I tried to express, in simple words, the complex concepts underlying Qixīng Tánglángquán. through persevering study with a well-trained Master, they will dominate the system, they will have in their hands a deadly weapon for self-defense.

This chapter outlines the hard work and dedication of a number of individuals who were pioneers in the development of diving technology. As with any endeavor, it is important to build on the discoveries of our predecessors and not repeat mistakes of the past. 1-1.3 Role of the U.S. Navy. The U.S. Navy is a leader in the development of modern diving and underwater operations. The general requirements of national defense and the specific requirements of underwater reconnaissance, demolition, ordnance disposal, construction, ship maintenance, search, rescue and salvage operations repeatedly give impetus to training and development. Navy diving is no longer limited to tactical combat operations, wartime salvage, and submarine sinkings. Fleet diving has become increasingly important and diversified since World War II. A major part of the diving mission is inspecting and repairing naval vessels to minimize downtime and the need for dry-docking. Other aspects of fleet diving include recovering practice and research torpedoes, installing and repairing underwater electronic arrays, underwater construction, and locating and recovering downed aircraft.
