Ask a Manager Apr 14 2021 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together* *Ellison Wonderland* Mar 26 2022 Tales of terror and wonder from a winner of the Nebula, Hugo, Edgar, Bram Stoker, and many other awards. Originally published in 1962 and updated in later decades with a new introduction, *Ellison Wonderland* contains sixteen masterful stories from the author's early career. This collection shows a vibrant young writer with a wide-ranging imagination, ferocious creative energy, devastating wit, and an eye for the wonderful and terrifying and tragic. Among the gems are "All the Sounds of Fear," "The Sky Is Burning," "The Very Last Day of a Good Woman," and "In Lonely Lands." Though they stand tall on their own merits, they also point the way to the sublime stories that followed soon after and continue to come even now, more than fifty years later.

I Have No Mouth & I Must Scream Nov 02 2022 Seven stunning stories of speculative fiction by the author of *A Boy and His Dog*. In a post-apocalyptic world, four men and one woman are all that remain of the human race, brought to near extinction by an artificial intelligence. Programmed to wage war on behalf of its creators, the AI became self-aware and turned against humanity. The five survivors are prisoners, kept

alive and subjected to brutal torture by the hateful and sadistic machine in an endless cycle of violence. This story and six more groundbreaking and inventive tales that probe the depths of mortal experience prove why Grand Master of Science Fiction Harlan Ellison has earned the many accolades to his credit and remains one of the most original voices in American literature. *I Have No Mouth and I Must Scream* also includes "Big Sam Was My Friend," "Eyes of Dust," "World of the Myth," "Lonelyache," Hugo Award finalist "Delusion for a Dragon Slayer," and Hugo and Nebula Award finalist "Pretty Maggie Moneyeyes."

Paingod Feb 22 2022 Eight timeless tales from the master of speculative fiction, featuring the Nebula and Hugo Award-winning story "'Repent, Harlequin!' Said the Ticktockman." Robert Heinlein says, "This book is raw corn liquor—you should serve a whiskbroom with each shot so the customer can brush the sawdust off after he gets up from the floor." Perhaps a mooring cable might also be added as necessary equipment for reading these eight wonderful stories. They not only knock you down . . . they raise you to the stars.

Passion is the keynote as you encounter the Harlequin and his nemesis, the dreaded Ticktockman, in one of the most reprinted and widely taught stories in the English language; a pyretic who creates fire merely by willing it; the last surgeon in a world of robot physicians; a spaceship filled with hideous mutants rejected by the world that gave them birth. Touching, gentle, and shocking stories from an incomparable master of impossible dreams and troubling truths.

Memos from Purgatory Dec 31 2019 From the Hugo and Nebula Award-winning author of *Strange Wine*: A gritty memoir of life in NYC that became the basis for a Hitchcock TV drama. Hemingway said, "A man should never write what he doesn't know." In the mid-fifties, Harlan Ellison—kicked out of college and hungry to write—went to New York to start his career. It was a time of street gangs, rumbles, kids with switchblades, and zip guns made from car radio antennas. Ellison was barely out of his teens himself, but he took a phony name, moved into Brooklyn's dangerous Red Hook section, and managed to con his way into a "bopping club." What he experienced (and the time he spent in jail as a result) was the basis for the violent story that Alfred Hitchcock filmed as the first of his hour-long TV dramas. This autobiography is a book whose message you will not be able to ignore or forget.

Talk Triggers Jul 18 2021 Talk Triggers is the definitive, practical guide on how to use bold operational differentiators to create customer conversations, written by best-selling authors and marketing experts Jay Baer and Daniel Lemin. Word of mouth is directly responsible for 19% of all purchases, and influences as much as 90%. Every human on earth relies on word of mouth to make buying decisions. Yet even today, fewer than 1% of companies have an actual strategy for generating these crucial customer conversations. Talk Triggers provides that strategy in a compelling, relevant, timely book that can be put into practice immediately, by any business. The key to activating customer chatter is the realization that same is lame. Nobody says "let me tell you about this perfectly adequate experience I had last night." The strategic, operational differentiator is what gives customers something to tell a story about. Companies (including the 30+ profiled in Talk Triggers) must dare to be different and exceed expectations in one or more palpable ways. That's when word of mouth becomes involuntary: the customers of these businesses simply MUST tell someone else. Talk Triggers contains: • Proprietary research into why and how customers talk • More than 30 detailed case studies of extraordinary results from Doubletree Hotels by Hilton and their warm cookie upon arrival, The Cheesecake Factory and their giant menu, Five Guys Burgers and their extra fries in the bag, Penn & Teller and their nightly meet and greet sessions, and a host of delightful small businesses • The 4-5-6 learning system (the 4 requirements for a differentiator to be a talk trigger; the 5 types of talk triggers; and the 6-step process for creating talk triggers) • Surprises in the text that are (of course) word of mouth propellants Consumers are wired to discuss what is different, and ignore what is average. Talk Triggers not only dares the reader to differentiate, it includes the precise formula for doing it. Combining compelling stories, inspirational examples, and practical how-to, Talk Triggers is the first indispensable book about word of mouth. It's a book that will create conversation about the power of conversation.

Love Ain't Nothing But Sex Misspelled Jul 06 2020 Love has ten thousand names and a million different faces. Bitter in the Mouth May 04 2020 Bitter in the Mouth is a brilliant, virtuosic novel about a young woman's search for identity and the true meaning of family from the author of The Sweetest Fruits "What I know about you, little girl, would break you in two" are the prophetic last words that Linda Hammerick's grandmother says to her. Growing up in small-town North Carolina in the 1970s and '80s, Linda already knows that she is profoundly different from everyone else, including the members of her own family. She can "taste" words. In this and in other ways, her body is a mystery to her. Linda's awkward girlhood is nonetheless enlivened and emboldened by her dancing great-uncle Harper, and Kelly, her letter-writing best friend. Linda makes her way north to college and then to New York City, trying her best to leave her past behind her like "a pair of shoes that no longer fit." But when a family tragedy compels her to return home, Linda uncovers the startling secrets of her past. Monique Truong's acclaimed novel questions our assumptions about what it means to be a family and to be a friend, to be foreign and to be familiar, to be

connected to and disconnected from our bodies, our histories, ourselves.

Shatterday Jul 30 2022 "One of the great . . . American short-story writers" exposes the darkness of the human heart in these speculative tales of terror and tragedy (George R. R. Martin). A five-year-old boy never ages, living as an immortal in a past that no longer exists while the world encroaches upon his innocence, in the Hugo and Nebula Award-winning "Jeffty Is Five." An alien attack leaves Earth on the brink of Armageddon, as humans find themselves unable to resist the sexual allure of their invaders in "How's the Night Life on Cissalda?" In the Nebula Award-nominated "Shatterday" (subsequently adapted into the pilot episode of the second *Twilight Zone* series), a man fights for his life against a relentless enemy who knows his darkest secrets—his own doppelganger. In these and other thought-provoking stories, legendary author Harlan Ellison dissects the primal fears and inherent frailties common to all people and gives voice to the thoughts and feelings human beings bury deep within their souls. Unflinching and unapologetic, Ellison depicts men and women in all their ugliness and beauty, and humanity in all its fury and glory. Stories include "Introduction: Mortal Dreads," "Jeffty Is Five," "How's the Night Life on Cissalda?," "Flop Sweat," "Would You Do it For a Penny?" (written in collaboration with Haskell Barkin), "The Man Who Was Heavily Into Revenge," "Shoppe Keeper," "All the Lies That Are My Life," "Django," "Count the Clock That Tells the Time," "In the Fourth Year of the War," "Alive and Well on a Friendless Voyage," "All the Birds Come Home to Roost," "Opium," "The Other Eye of Polyphemus," "The Executioner of the Malformed Children," and "Shatterday."

The Metamorphosis of Prime Intellect Sep 27 2019 In a time not far from our own, Lawrence sets out

simply to build an artificial intelligence that can pass as human, and finds himself instead with one that can pass as a god. Taking the Three Laws of Robotics literally, Prime Intellect makes every human immortal and provides instantly for every stated human desire. Caroline finds no meaning in this life of purposeless ease, and forgets her emptiness only in moments of violent and profane exhibitionism. At turns shocking and humorous, "Prime Intellect" looks unflinchingly at extremes of human behavior that might emerge when all limits are removed. An international Internet phenomenon, "Prime Intellect" has been downloaded more than 10,000 times since its free release in January 2003. It has been read and discussed in Australia, Canada, Denmark, Germany, Japan, Mexico, the Netherlands, Slovenia, South Africa, and other countries. This Lulu edition is your chance to own "Prime Intellect" in conventional book form.

No Useless Mouth Dec 11 2020 In the era of the American Revolution, the rituals of diplomacy between the British, Patriots, and Native Americans featured gifts of food, ceremonial feasts, and a shared experience of hunger. When diplomacy failed, Native Americans could destroy food stores and cut off supply chains in order to assert authority. Black colonists also stole and destroyed food to ward off hunger and carve out tenuous spaces of freedom. Hunger was a means of power and a weapon of war. In *No Useless Mouth* Rachel B. Herrmann argues that Native Americans and formerly enslaved black colonists ultimately lost the battle against hunger and the larger struggle for power because white British and United States officials curtailed the abilities of men and women to fight hunger on their own terms. By describing three interrelated behaviors—food diplomacy, victual imperialism, and victual warfare—the book shows that, during this tumultuous period, hunger prevention efforts offered strategies to claim power, maintain communities, and keep rival societies at bay. Herrmann shows how Native Americans, free blacks, and enslaved peoples were "useful mouths"—not mere supplicants for food, without rights or power—who used hunger for cooperation and violence, and took steps to circumvent starvation. Her wide-ranging research on black Loyalists, Iroquois, Cherokee, Creek, and Western Confederacy Indians demonstrates that hunger creation and prevention were tools of diplomacy and warfare available to all people involved in the American Revolution. Placing hunger at the center of these struggles foregrounds the contingency and plurality of power in the British Atlantic during the Revolutionary Era.

Deathbird Stories Jan 24 2022 Masterpieces of myth and terror about modern gods from technology to drugs to materialism—"fantasy at its most bizarre and unsettling" (The New York Times). As Earth approaches Armageddon, a man embarks on a quest to confront God in the Hugo Award-winning novelette, "The Deathbird." In New York City, a brutal act of violence summons a malevolent spirit and a growing congregation of desensitized worshippers in "The Whimper of Whipped Dogs," an Edgar Award winner influenced by the real-life murder of Queens resident Kitty Genovese in 1964. In "Paingod," the deity tasked with inflicting pain and suffering on every living being in the universe questions the purpose of its cruel existence. Deathbird Stories collects these and sixteen more provocative tales exploring the futility of faith in a faithless world. A legendary author of speculative fiction whose best-known works include A Boy and His Dog and I Have No Mouth, and I Must Scream—and whose major awards and nominations number in the dozens, Harlan Ellison strips away convention and hypocrisy and lays bare the human condition in modern society as ancient gods fade and new deities rise to appease the masses—gods of technology, drugs, gambling, materialism—that are as insubstantial as the beliefs of those who venerate them. In addition to his Nebula, Hugo, World Fantasy, Bram Stoker, Edgar, and other awards, Ellison was called "one of the great living American short story writers" by the Washington Post—and this collection makes it clear why he has earned such an extraordinary assortment of accolades. Stories include: "Introduction: Oblations at Alien Altars" "The Whimper of Whipped Dogs" "Along the Scenic Route" "On the Downhill Side" "O Ye of Little Faith" "Neon" "Basilisk" "Pretty Maggie Moneyeyes" "Corpse" "Shattered Like a Glass Goblin" "Delusion for a Dragon Slayer" "The Face of Helene Bournouw" "Bleeding Stones" "At the Mouse Circus" "The Place with No Name" "Paingod" "Ernest and the Machine God" "Rock God" "Adrift Just Off the Islets of Langerhans: Latitude 38° 54' N, Longitude 77° 00' 13" W" "The Deathbird"

"Repent, Harlequin!" Said the Ticktockman Dec 23 2021 Winner of the Hugo and Nebula Awards: A science fiction classic about an antiestablishment rebel set on overthrowing the totalitarian society of the future. One of science fiction's most antiestablishment authors rails against the accepted order while questioning

blind obedience to the state in this unique pairing of short story and essay. "Repent, Harlequin!" Said the Ticktockman" is set in a dystopian future society in which time is regulated by a heavy bureaucratic hand known as the Ticktockman. The rebellious Everett C. Marm flouts convention, masquerading as the anarchic Harlequin, disrupting the precise schedule with bullhorns and jellybeans in a world where being late is nothing short of a crime. But when his love, Pretty Alice, betrays Everett out of a desire to return to the punctuality to which she is programmed, he is forced to face the Ticktockman and his gauntlet of consequences. The bonus essay included in this volume, "Stealing Tomorrow," is a hard-to-find Harlan Ellison masterwork, an exploration of the rebellious nature of the writer's soul. Waxing poetic on humankind's intellectual capabilities versus its emotional shortcomings, the author depicts an inner self that guides his words against the established bureaucracies, assuring us that the intent of his soul is to "come lumbering into town on a pink-and-yellow elephant, fast as Pegasus, and throw down on the established order." Winner of the Prometheus Hall of Fame Award, "Repent, Harlequin!" Said the Ticktockman" has become one of the most reprinted short stories in the English language. Fans of George Orwell's Nineteen Eighty-Four and Aldous Huxley's Brave New World will delight in this antiestablishment vision of a Big Brother society and the rebel determined to take it down. The perfect complement, "Stealing Tomorrow" is a hidden gem that reinforces Ellison's belief in humankind's inner nobility and the necessity to buck totalitarian forces that hamper our steady evolution.

Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the "shefault" parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family--and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is Fair Play: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, Fair Play helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. "Winning" this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space--the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in.

Fantastic Lives Feb 10 2021 Personal, often controversial, glimpses of the real world of science fiction by some of its most prominent citizens. The book presents a rare opportunity for the reader of science fiction to share in the creative process with nine highly original and creative writers: Philip José Farmer emphasizes his tripartite nature to bring us to the realization that "The human species is a web of flesh spun by some vast spider. The shaking of the web in a distant time and a distant place trembles us"; Harlan Ellison writes on perhaps his most controversial story, "I Have no Mouth, and I Must Scream"; R. A. Lafferty provides his unique version of the history and meaning of modern science fiction; Katharine MacLean takes us on a wondrous tour of her early life, sharing the impact of science fiction on the mind of a young girl; Barry N. Malzberg combines previously published writings and original material in a piquant discussion of his career; Mack Reynolds discusses his work, his social and political philosophy, and growing up as the son of radical parents; Norman Spinrad describes how commercial factors impinge upon publication decisions and his own experiences in the marketplace; Margaret St. Clair relates her career in science fiction and her mixed feelings about science fiction and its place in American society; A. E. van Vogt extends a look at the ideas that have fascinated him, obsessed him, and for many years prevented him from writing science fiction. All of these authors have been on the cutting edge of change in the field, and each of them has sought to move science fiction beyond its pulp origins.
