Sufism-The Soul of Islam Sep 29 2022 Sufism is a journey. A miraculous one. Filled with hurdles yet easy for those who are born pure and those who choose. It is the choices and not always the actions as they could be deceptive. Sufism is the spiritual and mystical aspect of Islam. The esoteric cosmos has every spiritual blessing, notion and trial. In the universe of Sufism, the destination is being One with the Divine Essence (tawhid) and the dear friend and leader on this path is the spiritual guide. Motivation and power to accomplish comes from loving Allah only, as Sultan Bahoo has famously said, "Only Allah! Everything other than Allah is lust." The names Allah and Mohammad (Ism-e-Allah Zaat and Ism-e-Mohammad) are sustenance which strengthen the very soul of man. After all it is the journey of soul. Deep respect embedded in the heart for the family of Prophet Mohammad (peace be upon him) is like Noah's Arc and the sacred Companions are guiding stars. The Mohammadan Assembly is the determining factor declaring one worthy to embark on the quest of Sufism or to demote or worse to forever halt. Wolves, brigands and the negative powers that drive one away are Satan, innerself (an-nafs) and the mortal world. Sharia is the door into this esoteric world. This journey of gnosis has its own set of guidelines. These can come in the form of inspiration, unveiling, waham (inward conversation with Hoo ???) and ilm-e-dawat (communication with sacred souls of shrines). This book is all and MORE! A must read for every spiritual traveller. Ameer-ul-Kaunain (The Master of Worlds) Nov 19 2021 Ameer-ul-Kaunain (The Master of Worlds) is a magnificent book by the most eminent Saint of Sub-continent and the king of knowers of Allah Sultan-ul-Arifeen Hazrat Sakhi Sultan Bahoo rehmatal-Allah alayh. As the title implies, if the reader reads this book with pure heart and perfect faith, it elevates him spiritually to the highest levels in both the worlds. Hazrat Sultan Bahoo has written this book while being himself at the level of "Ameer-ul-Kaunain". The style he adopted while writing this book is entirely different from all his other books and is amazingly wonderful. It seems as if he is playing with words. Surprisingly, he uses same words in different manner to convey different meanings. Reader thinks that he is reading the same sentence again and again but if he ponders deeply, he understands new and different meaning from apparently similar sentences every time he reads them. The marvel of the book is that its each sentence contains ocean in a drop and compels the reader to reach its depth to understand the actual meaning. However, the deeper he goes the more he comes to know that every sentence reveals many different meanings which every reader understands according to his spiritual level. Yamphu Mar 31 2020 The Yamphu Rai are a Kiranti tribe of the Himalayas of Eastern Nepal. The Yamphu language belongs to a group of complex-pronominalising languages of the Tibeto-Burman branch of the Sino-Tibetan language family. This grammar consists of a description of the Yamphu dialect of Hedangna, a collection of oral texts and a lexicon. The majority of grammatical categories in Yamphu is expressed by means of suffixes. Nominal morphology includes number and case markers, postpositions and nominalising suffixes. Verbal morphology distinguishes auxiliary verbs, tense and agreement markers, mood suffixes and postpositions expressing inter-clausal relations. Information structure, too, is mainly expressed by means of suffixes. The texts included in this grammar represent various styles of speech, such as formulaic, mythological and conversational styles. Roland Rutgers studied Comparative Linguistics and conducted his research on the language of the Yamphu Rai as a member of the Himalayan Languages Project at Leiden University. With appendices and photographs

Prinsip dan Praktik Keperawatan Kesehatan Jiwa Stuart, edisi Indonesia 11 Sep 17 2021 Using the latest clinical research and diagnoses, Principles and Practice of Psychiatric Nursing, 11th Edition provides a holistic, biopsychosocial approach to psychiatric nursing care. It follows the popular Stuart stress-adaptation framework and includes comprehensive coverage to simplify important nursing and medical concepts, promote quality and safety in care, and address psychobiology and psychopharmacology topics integral to today's psychiatry. New to this edition is a chapter on the latest on health care reform, prescription abuse, and obesity issues. Written by psychiatric nursing expert Gail W. Stuart, this market-leading text makes it easy to apply classroom theory to clinical practice. An easy-to-follow writing style makes it easy to understand both simple and complex topics. A well-rounded, collaborative approach provides coverage of all major psychiatric disorders from nursing and medical perspectives. The Stuart Stress Adaptation Model of health and wellness provides a consistent nursing-oriented framework, with clear explanations of biological, psychological, sociocultural, environmental, and legal-ethical components. An evidence-based practice approach bridges the gap between clinical research and everyday practice. Learning from a Clinical Case boxes begin disorders chapters with thought-provoking questions and end chapters with answers and feedback. Summarizing the Evidence boxes in the disorders chapters examine the research and findings that support psychiatric nursing care. A family focus and discussions of outpatient care reflect current trends in psychiatric nursing. A Patient Speaks and A Family Speaks boxes present short vignettes with the patient's and family's perspectives of the caregiving process. Competent Caring: A Clinical Exemplar of a Psychiatric Nurse boxes feature the experiences and personal insights of practicing psychiatric nurses. Nursing Treatment Plan Summary tables present care plans including patient goals with nursing interventions and rationales. Patient Education Plan and Family Education Plan tables include key information that you need to share with the patient and his or her family to facilitate shorter hospital stays and more outpatient care. Therapeutic Dialogue boxes offer examples of nurse-patient interactions. Clinical examples include selected nursing diagnoses. Focus Points provide a comprehensive, point-by-point review of the important information in each chapter. • Remove all NANDA content and replace with local national standards in nursing diagnosis (SDKI Standar Diagnosis Keperawatan Indonesia) • Update with NIC 7e and NOC 6e for intervention and implementasi, evaluation • Update DSM-V if updates are available
