While not all of the applications fulfill complete requirements for RASIS, and are not established, they give us new perspectives regarding HISs. This e-book also provides readers with various suggestions on how to use HISs more effectively, how to coordinate EUAs with HIS, how to manage end user applications, and how to achieve clinical effectiveness with EUAs. This volume is specialized in the use of FileMaker Pro at hospitals and all of the developers of FileMaker Pro systems. The respective authors are medical doctors at various departments
