The Swallows of Kabul Jul 06 2020 Set in Afghanistan's capital city of Kabul, this extraordinary novel "puts a human face on the suffering inflicted by the Taliban" (San Francisco Chronicle), taking readers into the seemingly divergent lives of two couples—and depicting with compassion and exquisite details the mentality of Islamic fundamentalists and the complexities of the Muslim world. Mohsen comes from a family of wealthy shopkeepers whom the Taliban has destroyed; Zunaira, his wife, exceedingly beautiful, was once a brilliant teacher and is now no longer allowed to leave her home without an escort or covering her face. Intersecting their world is Atiq, a prison keeper, a man who has sincerely adopted the Taliban ideology and struggles to keep his faith, and his wife, Musarrat, who once rescued Atiq and is now dying of sickness and despair. Desperate, exhausted Mohsen wanders through Kabul when he is surrounded by a crowd about to stone an adulterous woman. Numbed by the hysterical atmosphere and drawn into their rage, he too throws stones at the face of the condemned woman buried up to her waist. With this gesture the lives of all four protagonists move toward their destinies. Yasmina Khadra brings readers into the hot, dusty streets of Kabul and offers them an unflinching but compassionate insight into a society that violence and hypocrisy have brought to the

edge of despair.

"Suspenseful...emotionally compelling. I found myself eagerly following in a way I hadn't remembered for a long time, impatient for the next twist and turn of the story."—NPR An Afghan American woman returns to Kabul to learn the truth about her family and the tragedy that destroyed their lives in this brilliant and compelling novel from the bestselling author of *The Pearl That Broke Its Shell*, *The House Without Windows*, and *When the Moon Is Low*. Kabul, 1978: The daughter of a prominent family, Sitara Zamani lives a privileged life in Afghanistan's thriving cosmopolitan capital. The 1970s are a time of remarkable promise under the leadership of people like Sardar Daoud, Afghanistan's progressive president, and Sitara's beloved father, his right-hand man. But the ten-year-old Sitara's world is shattered when communists stage a coup, assassinating the president and Sitara's entire family. Only she survives. Smuggled out of the palace by a guard named Shair, Sitara finds her way to the home of a female American diplomat, who adopts her and raises her in America. In her new country, Sitara takes on a new name—Aryana Shepherd—and throws herself into her studies, eventually becoming a renowned surgeon. A survivor, Aryana has refused to look back, choosing instead to bury the trauma and devastating loss she endured. New York, 2008: Thirty years after that fatal night in Kabul, Aryana's world is rocked again

when an elderly patient appears in her examination room—a man she never expected to see again. It is Shair, the soldier who saved her, yet may have murdered her entire family. Seeing him awakens Aryana's fury and desire for answers—and, perhaps, revenge. Realizing that she cannot go on without finding the truth, Aryana embarks on a quest that takes her back to Kabul—a battleground between the corrupt government and the fundamentalist Taliban—and through shadowy memories of the world she loved and lost. Bold, illuminating, heartbreaking, yet hopeful, *Sparks Like Stars* is a story of home—of America and Afghanistan, tragedy and survival, reinvention and remembrance, told in Nadia Hashimi's singular voice.

Dancing in the Mosque Jul 26 2019 A People Book of the Week & a Kirkus Best Nonfiction of the Year An exquisite and inspiring memoir about one mother's unimaginable choice in the face of oppression and abuse in Taliban-controlled Afghanistan. In the days before Homeira Qaderi gave birth to her son, Siawash, the road to the hospital in Kabul would often be barricaded because of the frequent suicide explosions. With the city and the military on edge, it was not uncommon for an armed soldier to point his gun at the pregnant woman's bulging stomach, terrified that she was hiding a bomb. Frightened and in pain, she was once forced to make her way on foot. Propelled by the love she held for her soon-to-be-born child, Homeira walked through blood

and wreckage to reach the hospital doors. But the joy of her beautiful son's birth was soon overshadowed by other dangers that would threaten her life. No ordinary Afghan woman, Homeira refused to cower under the strictures of a misogynistic social order. Defying the law, she risked her freedom to teach children reading and writing and fought for women's rights in her theocratic and patriarchal society. Devastating in its power, *Dancing in the Mosque* is a mother's searing letter to a son she was forced to leave behind. In telling her story—and that of Afghan women—Homeira challenges you to reconsider the meaning of motherhood, sacrifice, and survival. Her story asks you to consider the lengths you would go to protect yourself, your family, and your dignity.

The Breadwinner Nov 21 2021 Because the Taliban rulers of Kabul, Afghanistan impose strict limitations on women's freedom and behavior, eleven-year-old Parvana must disguise herself as a boy so that her family can survive after her father's arrest.

A Woman Among Warlords Sep 07 2020 Malalai Joya has been called "the bravest woman in Afghanistan." At a constitutional assembly in Kabul in 2003, she stood up and denounced her country's powerful NATO-backed warlords. She was twenty-five years old. Two years later, she became the youngest person elected to Afghanistan's new Parliament. In 2007, she was suspended from Parliament for her persistent criticism of the

warlords and drug barons and their cronies. She has survived four assassination attempts to date, is accompanied at all times by armed guards, and sleeps only in safe houses. Often compared to democratic leaders such as Burma's Aung San Suu Kyi, this extraordinary young woman was raised in the refugee camps of Iran and Pakistan. Inspired in part by her father's activism, Malalai became a teacher in secret girls' schools, holding classes in a series of basements. She hid her books under her burqa so the Taliban couldn't find them. She also helped establish a free medical clinic and orphanage in her impoverished home province of Farah. The endless wars of Afghanistan have created a generation of children without parents. Like so many others who have lost people they care about, Malalai lost one of her orphans when the girl's family members sold her into marriage. While many have talked about the serious plight of women in Afghanistan, Malalai Joya takes us inside the country and shows us the desperate day-to-day situations these remarkable people face at every turn. She recounts some of the many acts of rebellion that are helping to change the country -- the women who bravely take to the streets in peaceful protest against their oppression; the men who step forward and claim "I am her mahram," so the fundamentalists won't punish a woman for walking alone; and the families that give their basements as classrooms for female students. A controversial political figure in one of the most

dangerous places on earth, Malalai Joya is a hero for our times, a young woman who refused to be silent, a young woman committed to making a difference in the world, no matter the cost.

Be Safe I Love You Dec 31 2019 Returning with deep psychological scars after a tour of duty in Iraq, soldier Lauren Clay guides her younger brother to an upstate New York oil field that has become the subject of her obsession and begins teaching him survival skills while revealing her experiences.

Words In The Dust Aug 07 2020 Zulaikha hopes. She hopes for peace, now that the Taliban have been driven from Afghanistan; a good relationship with her hard stepmother; and one day even to go to school, or to have her cleft palate fixed. Zulaikha knows all will be provided for her--"Inshallah," God willing. Then she meets Meena, who offers to teach her the Afghan poetry she taught her late mother. And the Americans come to her village, promising not just new opportunities and dangers, but surgery to fix her face. These changes could mean a whole new life for Zulaikha--but can she dare to hope they'll come true?

The Other Side of the Sky Oct 09 2020 Farah Ahmedi recounts her heartbreaking journey from war-torn Kabul to America in her New York Times bestselling inspirational memoir. Farah Ahmedi's "poignant tale of survival" (Chicago Tribune) chronicles her journey from war to peace. Equal parts tragedy and hope, determination and daring, Ahmedi's memoir

delivers a remarkably vivid portrait of her girlhood in Kabul, where the sound of gunfire and the sight of falling bombs shaped her life and stole her family. She herself narrowly escapes death when she steps on a land mine. Eventually the war forces her to flee, first over the mountains to refugee camps across the border, and finally to America. Ahmedi proves that even in the direst circumstances, not only can the human heart endure, it can thrive. The *Other Side of the Sky* is "a remarkable journey" (Chicago Sun-Times), and Farah Ahmedi inspires us all.

The Kite Runner Sep 27 2019 Afghanistan, 1975: Twelve-year-old Amir is desperate to win the local kite-fighting tournament and his loyal friend Hassan promises to help him. But neither of the boys can foresee what will happen to Hassan that afternoon, an event that is to shatter their lives. After the Russians invade and the family is forced to flee to America, Amir realises that one day he must return to Afghanistan under Taliban rule to find the one thing that his new world cannot grant him: redemption.

I Am a Bacha Posh Jan 24 2022 A 2015 Amelia Bloomer List Selection "You will be a son, my daughter." With these stunning words Ukmina learned that she was to spend her childhood as a boy. In Afghanistan there is a widespread practice of girls dressing as boys to play the role of a son. These children are called bacha posh: literally "girls dressed as boys." This practice offers families the freedom to allow

their child to shop and work—and in some cases, it saves them from the disgrace of not having a male heir. But in adolescence, religion restores the natural law. The girls must marry, give birth, and give up their freedom. Ukmina decided to confront social and family pressure and keep her menswear. This brave choice paved the way for an extraordinary destiny: she wages war against the Soviets, assists the mujaheddin and ultimately commands the respect of all whom she encounters. She eventually becomes one of the elected council members of her province. But freedom always has a price. For "Ukmina warrior" that price was her life as a woman. This is a stunning and brave memoir about a little known practice that will challenge your perceptions about gender and the courage it takes to live your life to the fullest. [Kids of Kabul](#) Mar 26 2022 Since its publication in 2000, hundreds of thousands of children all over the world have read and loved *The Breadwinner*, the fictional story of eleven-year-old Parvana living in Kabul under the terror of the Taliban. But what happened to Afghanistan's children after the fall of the Taliban in 2001? In 2011, Deborah Ellis went to Kabul to find out. The twenty-six boys and girls featured in this book range in age from ten to seventeen, and they speak candidly about their lives now. They are still living in a country at war. Violence and oppression exist all around them. The situation for girls has improved, but it is still difficult and dangerous. And many children — boys and girls — are still supporting their families by selling items like pencils and matches on the street. Yet these kids are weathering their lives with remarkable courage and hope, getting as much education and life experience and fun as they can. All royalties from the sale of *Kids of Kabul* will go to Canadian Women for Women in Afghanistan (www.cw4wafghan.ca), which administers Parvana's Fund, supporting schools, libraries and literacy programs for Afghan women and children. Kabul Beauty School Apr 26 2022 Soon after the fall of the Taliban, in 2001, Deborah Rodriguez went to Afghanistan as part of a group offering humanitarian aid to this war-torn nation. Surrounded by men and women whose skills—as doctors, nurses, and therapists—seemed eminently more practical than her own, Rodriguez, a hairdresser and mother of two from Michigan, despaired of

being of any real use. Yet she soon found she had a gift for befriending Afghans, and once her profession became known she was eagerly sought out by Westerners desperate for a good haircut and by Afghan women, who have a long and proud tradition of running their own beauty salons. Thus an idea was born. With the help of corporate and international sponsors, the Kabul Beauty School welcomed its first class in 2003. Well meaning but sometimes brazen, Rodriguez stumbled through language barriers, overstepped cultural customs, and constantly juggled the challenges of a postwar nation even as she learned how to empower her students to become their families' breadwinners by learning the fundamentals of coloring techniques, haircutting, and makeup. Yet within the small haven of the beauty school, the line between teacher and student quickly blurred as these vibrant women shared with Rodriguez their stories and their hearts: the newlywed who faked her virginity on her wedding night, the twelve-year-old bride sold into marriage to pay her family's debts, the Taliban member's wife who pursued her training despite her husband's constant beatings. Through these and other stories, Rodriguez found the strength to leave her own unhealthy marriage and allow herself to love again, Afghan style. With warmth and humor, Rodriguez details the lushness of a seemingly desolate region and reveals the magnificence behind the burqa. Kabul Beauty School is a remarkable tale of an extraordinary community of women who come

together and learn the arts of perms, friendship, and freedom.

Kabul in Winter Aug 19 2021 A sharp and arresting people's-eye view of real life in Afghanistan after the Taliban. Soon after the bombing of Kabul ceased, award-winning journalist and women's rights activist Ann Jones set out for the shattered city, determined to bring help where her country had brought destruction. Here is her trenchant report from inside a city struggling to rise from the ruins. Working among the multitude of impoverished war widows, retraining Kabul's long-silenced English teachers, and investigating the city's prison for women, Jones enters a large community of female outcasts: runaway child brides, pariah prostitutes, cast-off wives, victims of rape. In the streets and markets, she hears the Afghan view of the supposed benefits brought by the fall of the Taliban, and learns that regarding women as less than human is the norm, not the aberration of one conspicuously repressive regime. Jones confronts the ways in which Afghan education, culture, and politics have repeatedly been hijacked—by Communists, Islamic fundamentalists, and the Western free marketeers—always with disastrous results. And she reveals, through small events, the big disjunctions: between U.S. promises and performance, between the new "democracy" and the still-entrenched warlords, between what's boasted of and what is. At once angry, profound, and starkly beautiful, *Kabul in Winter* brings alive the people and day-to-day

life of a place whose future depends so much upon our own.

Shooting Kabul Jun 16 2021 Escaping from Taliban-controlled Afghanistan in the summer of 2001, eleven-year-old Fadi and his family immigrate to the San Francisco Bay Area, where Fadi schemes to return to the Pakistani refugee camp where his little sister was accidentally left behind.

An American Bride in Kabul Mar 14 2021 Few westerners will ever be able to understand Muslim or Afghan society unless they are part of a Muslim family. Twenty years old and in love, Phyllis Chesler, a Jewish-American girl from Brooklyn, embarked on an adventure that has lasted for more than a half-century. In 1961, when she arrived in Kabul with her Afghan bridegroom, authorities took away her American passport. Chesler was now the property of her husband's family and had no rights of citizenship. Back in Afghanistan, her husband, a wealthy, westernized foreign college student with dreams of reforming his country, reverted to traditional and tribal customs. Chesler found herself unexpectedly trapped in a posh polygamous family, with no chance of escape. She fought against her seclusion and lack of freedom, her Afghan family's attempts to convert her from Judaism to Islam, and her husband's wish to permanently tie her to the country through childbirth. Drawing upon her personal diaries, Chesler recounts her ordeal, the nature of gender apartheid—and her longing to explore

this beautiful, ancient, and exotic country and culture. Chesler nearly died there but she managed to get out, returned to her studies in America, and became an author and an ardent activist for women's rights throughout the world. *An American Bride in Kabul* is the story of how a naïve American girl learned to see the world through eastern as well as western eyes and came to appreciate Enlightenment values. This dramatic tale re-creates a time gone by, a place that is no more, and shares the way in which Chesler turned adversity into a passion for world-wide social, educational, and political reform.

The Underground Girls of Kabul Nov 02 2022 An investigative journalist uncovers a hidden custom in Afghanistan that will transform your understanding of what it means to grow up as a girl. "An astonishingly clear picture of this resourceful, if imperfect, solution to the problem of girlhood in a society where women have few rights and overwhelming restrictions."—The Boston Globe In Afghanistan, a culture ruled almost entirely by men, the birth of a son is cause for celebration and the arrival of a daughter is often mourned as misfortune. A bacha posh (literally translated from Dari as "dressed up like a boy") is a third kind of child—a girl temporarily raised as a boy and presented as such to the outside world. Jenny Nordberg, the reporter who broke the story of this phenomenon for the New York Times, constructs a powerful and moving account of those secretly living on the other

side of a deeply segregated society where women have almost no rights and little freedom. The *Underground Girls of Kabul* is anchored by vivid characters who bring this remarkable story to life: Azita, a female parliamentarian who sees no other choice but to turn her fourth daughter Mehran into a boy; Zahra, the tomboy teenager who struggles with puberty and refuses her parents' attempts to turn her back into a girl; Shukria, now a married mother of three after living for twenty years as a man; and Nader, who prays with Shahed, the undercover female police officer, as they both remain in male disguise as adults. At the heart of this emotional narrative is a new perspective on the extreme sacrifices of Afghan women and girls against the violent backdrop of America's longest war. Divided into four parts, the book follows those born as the unwanted sex in Afghanistan, but who live as the socially favored gender through childhood and puberty, only to later be forced into marriage and childbirth. The *Underground Girls of Kabul* charts their dramatic life cycles, while examining our own history and the parallels to subversive actions of people who live under oppression everywhere.

My Forbidden Face Oct 21 2021 Latifa was born into an educated middle-class Afghan family in Kabul in 1980. She dreamed of one day of becoming a journalist, she was interested in fashion, movies and friends. Her father was in the import/export business and her mother was a doctor. Then in September

1996, Taliban soldiers seized power in Kabul. From that moment, Latifa, just 16 years old became a prisoner in her own home. Her school was closed. Her mother was banned from working. The simplest and most basic freedoms - walking down the street, looking out a window - were no longer hers. She was now forced to wear a chadri. *My Forbidden Face* provides a poignant and highly personal account of life under the Taliban regime. With painful honesty and clarity Latifa describes the way she watched her world falling apart, in the name of a fanatical interpretation of a faith that she could not comprehend. Her voice captures a lost innocence, but also echoes her determination to live in freedom and hope. Earlier this year, Latifa and her parents escaped Afghanistan with the help of a French-based Afghan resistance group. *The Bookseller of Kabul* May 28 2022 The Norwegian journalist provides a portrait of a committed Muslim man and his family living in post-Taliban Kabul, Afghanistan.

Dear Zari Feb 22 2022 "A powerful collection of testimonies that depict the struggles and hopes of Afghan women. An often emotional and at times painful read, this book is ultimately a poignant celebration of human resilience under unimaginable duress. " —KHALED HOSSEINI, New York Times bestselling author of *The Kite Runner* "I am deeply touched by these stories...Dear Zari should be read by anyone who cares and wants to know about Asia and Asian women."

—XINRAN "All the stories in *Dear Zari* illustrate the suffering caused by deeply ingrained Afghan traditions. But [the women's] bravery and resilience shines through and Kargar touchingly reveals how hearing others' life stories finally gave her the courage to share her own. " —The Independent Moving, enlightening, and heartbreaking, *Dear Zari* gives voice to the secret lives of Afghan women. For the first time, *Dear Zari* allows these women to tell their stories in their own words: from the child bride given as payment to end of a family feud, to a life spent in a dark, dusty room weaving carpets, from a young girl being brought up as a boy, to a woman living as a widow shunned by society. Intimate, emotional, painful and uplifting, these stories uncover the suffering and strength of women in this deeply religious and intensely traditional society, and show how their courage is an inspiration to women everywhere.

The Women of Afghanistan Under the Taliban Sep 19 2021 Even though the people of Afghanistan in general suffered under the rule of the Taliban, women lived especially difficult lives, enduring terrible hardships. They were

denied basic human rights, forced to wear veils and kept in seclusion. This work addresses the religion, revolution, and national identity of Afghan women and places them within their gender-political and religious-political roles, thus elevating our understanding of their abuse, imprisonment and murder, and offering a basis for their rehabilitation. Powerful and moving interviews with Afghan women conducted and translated by the Revolutionary Association of the Women of Afghanistan are presented and a brief history of the struggle of the Afghan women and an overview of the conflict between the Afghans and the Taliban are included.

However Tall the Mountain May 04 2020 A ball can start a revolution. Born in Kabul, Awista Ayub escaped with her family to Connecticut in 1981, when she was two years old, but her connection to her heritage remained strong. An athlete her whole life, she was inspired to start the Afghan Youth Sports Exchange after September 11, 2001, as a way of uniting girls of Afghanistan and giving them hope for their future. She chose soccer because little more than a ball and a field is needed to play; however, the courage it would take for girls in Afghanistan to do this would have to be tremendous--and the social change it could bring about by making a loud and clear statement for Afghan women was enough to convince Awista that it was possible, and even necessary. Under Taliban rule, girls in Afghanistan couldn't play outside of their

homes, let alone participate in a sport on a team. So, Awista brought eight girls from Afghanistan to the United States for a soccer clinic, in the hope of not only teaching them the sport, but also instilling confidence and a belief in their self-worth. They returned to Afghanistan and spread their interest in playing soccer; when Awista traveled there to host another clinic, hundreds of girls turned out to participate--and the numbers of players and teams keep growing. What began with eight young women has now exploded into something of a phenomenon. Fifteen teams now compete in the Afghanistan Football Federation, with hundreds of girls participating. Against all odds and fear, these girls decided to come together and play a sport that has reintroduced the very traits that decades of war had cruelly stripped away from them--confidence and self-worth. In *However Tall the Mountain*, Awista tells both her own story and the deeply moving stories of the eight original girls, describing their daily lives back in Afghanistan, and how they found strength in each other, in teamwork, and in themselves--taking impossible risks to obtain freedoms we take for granted. This is a story about hope, about what home is, and in the end, about determination. As the Afghan proverb says, *However tall the mountain, there's always a road.*

Three Cups of Tea Apr 02 2020 The astonishing, uplifting story of a real-life Indiana Jones and his humanitarian campaign to use education to combat terrorism in the Taliban's

backyard Anyone who despairs of the individual's power to change lives has to read the story of Greg Mortenson, a homeless mountaineer who, following a 1993 climb of Pakistan's treacherous K2, was inspired by a chance encounter with impoverished mountain villagers and promised to build them a school. Over the next decade he built fifty-five schools—especially for girls—that offer a balanced education in one of the most isolated and dangerous regions on earth. As it chronicles Mortenson's quest, which has brought him into conflict with both enraged Islamists and uncomprehending Americans, *Three Cups of Tea* combines adventure with a celebration of the humanitarian spirit. [The Destruction of Hillary Clinton](#) Mar 02 2020 Gossip is easy. Get to the deeper truth, with this in-depth look at the political forces and media culture that vilified and ultimately brought down Hillary Clinton in the 2016 presidential campaign. *The Destruction of Hillary Clinton* is an answer to the question many have been asking: How did an extraordinarily well-qualified, experienced, and admired candidate—whose victory would have been as historic as Barack Obama's—come to be seen as a tool of the establishment, a chronic liar, and a talentless politician? In this masterful narrative of the 2016 campaign year and the events that led up to it, Susan Bordo unpacks the Rights' assault on Clinton and her reputation, the way the left provoked suspicion and indifference among the youth vote, the

inescapable presence of James Comey, questions about Russian influence, and the media's malpractice in covering the candidate. Urgent, insightful, and engrossing, *The Destruction of Hillary Clinton* is an essential guide to understanding the most controversial presidential election in American history. Soldier Girls Nov 09 2020 “A raw, intimate look at the impact of combat and the healing power of friendship” (People): the lives of three women deployed to Afghanistan and Iraq, and the effect of their military service on their personal lives and families—named a best book of the year by Publishers Weekly. “In the tradition of Adrian Nicole LeBlanc, Richard Rhodes, and other masters of literary journalism, *Soldier Girls* is utterly absorbing, gorgeously written, and unforgettable” (The Boston Globe). Helen Thorpe follows the lives of three women over twelve years on their paths to the military, overseas to combat, and back home...and then overseas again for two of them. These women, who are quite different in every way, become friends, and we watch their interaction and also what happens when they are separated. We see their families, their lovers, their spouses, their children. We see them work extremely hard, deal with the attentions of men on base and in war zones, and struggle to stay connected to their families back home. We see some of them drink too much, have affairs, and react to the deaths of fellow soldiers. And we see what happens to one of them when the truck she is driving hits an explosive in the road, blowing it up. She survives, but her life may never be the same again. Deeply reported, beautifully written, and powerfully moving, *Soldier Girls* is “a breakthrough work...What Thorpe accomplishes in *Soldier Girls* is something far greater than

describing the experience of women in the military. The book is a solid chunk of American history...Thorpe triumphs” (The New York Times Book Review).

Return of a King Jan 30 2020 From William Dalrymple—award-winning historian, journalist and travel writer—a masterly retelling of what was perhaps the West’s greatest imperial disaster in the East, and an important parable of neocolonial ambition, folly and hubris that has striking relevance to our own time. With access to newly discovered primary sources from archives in Afghanistan, Pakistan, Russia and India—including a series of previously untranslated Afghan epic poems and biographies—the author gives us the most immediate and comprehensive account yet of the spectacular first battle for Afghanistan: the British invasion of the remote kingdom in 1839. Led by lancers in scarlet cloaks and plumed helmets, and facing little resistance, nearly 20,000 British and East India Company troops poured through the mountain passes from India into Afghanistan in order to reestablish Shah Shuja ul-Mulk on the throne, and as their puppet. But after little more than two years, the Afghans rose in answer to the call for jihad and the country exploded into rebellion. This First Anglo-Afghan War ended with an entire army of what was then the most powerful military nation in the world ambushed and destroyed in snowbound mountain passes by simply equipped Afghan tribesmen. Only one British man made it through. But Dalrymple takes us

beyond the bare outline of this infamous battle, and with penetrating, balanced insight illuminates the uncanny similarities between the West’s first disastrous entanglement with Afghanistan and the situation today. He delineates the straightforward facts: Shah Shuja and President Hamid Karzai share the same tribal heritage; the Shah’s principal opponents were the Ghilzai tribe, who today make up the bulk of the Taliban’s foot soldiers; the same cities garrisoned by the British are today garrisoned by foreign troops, attacked from the same rings of hills and high passes from which the British faced attack. Dalrymple also makes clear the byzantine complexity of Afghanistan’s age-old tribal rivalries, the stranglehold they have on the politics of the nation and the ways in which they ensnared both the British in the nineteenth century and NATO forces in the twenty-first. Informed by the author’s decades-long firsthand knowledge of Afghanistan, and superbly shaped by his hallmark gifts as a narrative historian and his singular eye for the evocation of place and culture, *The Return of a King* is both the definitive analysis of the First Anglo-Afghan War and a work of stunning topicality.

The Underground Girls of Kabul Jul 30 2022 An Afghan woman's life expectancy is just 44 years, and her life cycle often begins and ends in disappointment: being born a girl and finally, having a daughter of her own. For some, disguising themselves as boys is the only way to get ahead. Nordberg follows women such as

Azita Rafaat, a parliamentarian who once lived as a Bacha Posh, the mother of seven-year-old Mehran, who she is raising as a Bacha Posh as well, but for different reasons than in the past. There's Zahra, a teenage student living as a boy who is about to display signs of womanhood as she enters puberty. And Skukria, a hospital nurse who remained in a bacha posh disguise until she was 20, and who now has three children of her own. Exploring the historical and religious roots of this tradition, *The Underground Girls of Kabul* is a fascinating and moving narrative that speaks to the roots of gender.

The Pearl That Broke Its Shell Apr 14 2021 Afghan-American Nadia Hashimi's literary debut novel is a searing tale of powerlessness, fate, and the freedom to control one's own fate that combines the cultural flavor and emotional resonance of the works of Khaled Hosseini, Jhumpa Lahiri, and Lisa See. In Kabul, 2007, with a drug-addicted father and no brothers, Rahima and her sisters can only sporadically attend school, and can rarely leave the house. Their only hope lies in the ancient custom of bacha posh, which allows young Rahima to dress and be treated as a boy until she is of marriageable age. As a son, she can attend school, go to the market, and chaperone her older sisters. But Rahima is not the first in her family to adopt this unusual custom. A century earlier, her great-great grandmother, Shekiba,

left orphaned by an epidemic, saved herself and built a new life the same way. Crisscrossing in time, *The Pearl That Broke Its Shell* interweaves the tales of these two women separated by a century who share similar destinies. But what will happen once Rahima is of marriageable age? Will Shekiba always live as a man? And if Rahima cannot adapt to life as a bride, how will she survive?
