Educating Esmé Oct 16 2021 A must-read for parents, new teachers, and classroom veterans, *Educating Esmé* is the exuberant diary of Esmé Raji Codell's first year teaching in a Chicago public school. Fresh-mouthed and free-spirited, the irrepressible Madame Esmé—as she prefers to be called—does the cha-cha during multiplication tables, roller-skates down the hallways, and puts on rousing performances with at-risk students in the library. Her diary opens a window into a real-life classroom from a

teacher's perspective. While battling bureaucrats, gang members, abusive parents, and her own insecurities, this gifted young woman reveals what it takes to be an exceptional teacher. Heroine to thousands of parents and educators, Esmé now shares more of her ingenious and yet down-to-earth approaches to the classroom in a supplementary guide to help new teachers hit the ground running. As relevant and iconoclastic as when it was first published, *Educating Esmé* is a classic, as is Madame Esmé herself.

Teaching Hope Mar 29 2020 Incredible stories of struggle, redemption, and the power of education from the teachers taught by Erin Gruwell and the #1 New York Times bestselling authors of The Freedom Writers Diary Don't miss the public television documentary Freedom Writers: Stories from the Heart "These are the most influential professionals most of us will ever meet. The effects of their work will last forever."—From the foreword by Anna Quindlen Now documented in a bestselling book, feature film, and public television documentary, the Freedom Writers phenomenon came about in 1994, when Erin Gruwell stepped into Room 203 and began her first teaching job out of college. Long Beach, California, was still reeling from the

deadly violence that erupted during the Rodney King riots, and the kids in Erin's classroom reflected the anger, resentment, and hopelessness of their community. Undaunted, Erin fostered an educational philosophy that valued and promoted diversity, tolerance, and communication, and in the process, she transformed her students' lives, as well as her own. Erin Gruwell and the Freedom Writers went on to establish the Freedom Writers Foundation to replicate the success of Room 203 and provide all students with hope and opportunities to realize their academic potential. Since then, the foundation has trained more than 800 teachers around the world. Teaching Hope unites the voices of these Freedom Writer Teachers, who share uplifting, devastating, and poignant stories from their classrooms, stories that provide insight into the struggles and triumphs of education in all of its forms. Mirroring an academic year, these dispatches from the front lines of education take us from

the anticipation of the first day to the disillusionment, challenges, and triumphs of the school year. These are the voices of teachers who persevere in the face of intolerance, rigid administration, and countless other challenges, and continue to reach out and teach those who are deemed unteachable. Their stories inspire everyone to make a difference in the world around them.

One Voice Raised: A Triumph Over Rape "Look at me and I'll kill you "

Early in the morning of August 21, 1988, an unknown assailant climbed onto the balcony to the open door of Jennifer Wheatley's home, crept down the stairs, entered her first floor bedroom, and waited for her in the dark. As he grabbed her and pulled something tight around her throat, Jennifer was sure her life was over. Assaulted and raped, Jennifer lived through every woman's worst nightmare. Having never seen her assailant's face, she was sure he would never be caught. She spent two decades wondering who and where he was, and when he would strike again. Twenty years after the attack, through the dedication and tireless efforts of an investigator who refused to let her case go cold, a suspect was found. Jennifer writes about her ordeal and the years of waiting for justice with the candor and fortitude that helped her survive, and Chief Investigator David Cordle illuminates the process of assembling the puzzle pieces that led to the prosecution of one of his longest open cases. -----

Crossing Over to Canaan Jun 19 2019 "Gloria Ladson-Billings provides a perceptive and interesting account of what is needed to prepare novice teachers to be successful with all students in our multicultural society. This book is a must reading for all those entering the profession of teaching today and for those who prepare them for this important work." --Ken Zeichner, associate dean and professor of curriculum and instruction, School of Education, University of Wisconsin-Madison "The multiple voices in Gloria Ladson-Billings's book are compelling,

provocative, and insightful—they provide a powerful 'insider' perspective on what it really means to learn to teach all children well." --Marilyn Cochran-Smith, professor of education and editor, *Journal of Teacher Education*, Boston College, School of Education "Ladson-Billings, one of the stellar researchers and most passionate advocates for social justice, has written yet another masterpiece. By weaving the novice teachers' voices, her personal teaching journey, and language rich in compelling research and inspiring metaphors, Ladson-Billings has documented how new teachers transform schools and teach poor children of color." --Jacqueline Jordan Irvine, Candler Professor of Urban Education, Emory University, Division of Educational Studies "Masterful teacher and teacher-educator Gloria Ladson-Billings has given us—in highly readable form—a brilliant vision of what teacher education might become. In *Crossing Over to Canaan* we get a glimpse of how a carefully constructed teacher

education program focused on teaching for social justice can produce excellent teaching, even by young, middle-class teachers-in-training, in diverse educational settings." --Lisa D. Delpit, Benjamin E. Mays Professor of Educational Leadership, Georgia State University

The author of the best-selling book *The Dreamkeepers* shows how teachers can succeed in diverse classrooms. Educating teachers to work well in multicultural classrooms has become an all-important educational priority in today's schools. In *Crossing Over to Canaan*, Gloria Ladson-Billings details the real-life stories of eight novice teachers participating in an innovative teacher education program called *Teach for Diversity*. She details their struggles and triumphs as they confront challenges in the classroom and respond with innovative strategies that turn cultural strengths into academic assets. Through their experiences, Ladson-Billings illustrates how good teachers can meet the challenges of teaching students from highly

diverse backgrounds--and find a way to "crossover to Canaan." She offers a model of teaching that focuses on academic achievement, cultural competence, and socio-political consciousness. Drawing from her own experiences as a young African-American teacher working in Philadelphia, she successfully weaves together narrative, observation, and scholarship to create an inspirational and practical book that will help teachers everywhere as they work to transcend labels and categories to support excellence among all students.

Teaching Practice in Two Jamaican Colleges

Jul 01 2020 Jamaica, like other countries has been plagued with the problem of providing quality education for its growing population. Research evidence supports the claim that it is crucial to change the way prospective teachers are trained for them to be relevant in our continuously changing global village. Teacher education programs must tackle serious issues acquired and embedded in the education system,

the curriculum, and the social and environmental conditions that impinge on the performance of prospective teachers. Relevant published literature on teacher education and teaching practice in Jamaica, and the Caribbean has not been readily available, hence the reliance on research from North America to inform, and enrich teacher educators' understanding of the teaching- practice experience at the teaching-practice sites. This book therefore provides an opportunity for professionals in teacher education, prospective teachers, and people genuinely interested in education to examine research, the authentic experiences, and perceptions of student teachers and their supervisory teachers, during the teaching practice exercise.

Among Schoolchildren Jan 19 2022 The Pulitzer Prize-winning author's classic, "brilliantly illuminated" account of education in America (TheNew York Times Book Review). Mrs. Zajac is feisty, funny, and tough. She likes to call herself an "old-lady teacher." (She is thirty-four.) Around Kelly School, she is infamous for her discipline: "She is mean, bro," says one of her

students. But children love her, and so will the reader of this extraordinarily moving book by the Pulitzer Prize-winning author of *House* and *The Soul of a New Machine*. Tracy Kidder spent nine months in Mrs. Zajac's fifth-grade classroom in a depressed area of Holyoke, Massachusetts. Living among the twenty schoolchildren and their indomitable teacher, he shared their joys, catastrophes, and small but essential triumphs. His resulting New York Times bestseller is a revelatory and remarkably poignant account of an inner-city school that "erupts with passionate life," and a close-up examination of what is wrong—and right—with education in America (USA Today). "More than a book about needy children and a valiant teacher; it is full of the author's genuine love, delight and celebration of the human condition. He has never used his talent so well." —The New York Times

One Teacher in Ten in the New Millennium Jun 12 2021 Twenty completely new stories of negotiating the triumphs and challenges of being an LGBT educator in the twenty-first century For more than twenty years, the *One Teacher in Ten* series has served as an invaluable source of strength and inspiration for lesbian, gay, bisexual, and transgender educators. This all-new edition brings together stories from across

America—and around the world—resulting in a rich tapestry of varied experiences. From a teacher who feels he must remain closeted in the comparative safety of New York City public schools to teachers who are out in places as far afield as South Africa and China, the teachers and school administrators in *One Teacher in Ten* in the New Millennium prove that LGBT educators are as diverse and complex as humanity itself. Voices largely absent from the first two editions—including transgender people, people of color, teachers working in rural districts, and educators from outside the United States—feature prominently in this new collection, providing a fuller and deeper understanding of the triumphs and challenges of being an LGBT teacher today.

Teacher to Teacher Aug 26 2022 Thirteen teachers join with renowned educator Eleanor Duckworth in this engaging account of a year-long project in which they learned from each other to become better teachers. *Teacher to Teacher* will have wide appeal to teachers at all levels since it deals with issues that concern day-to-day life. Here, teachers talk with one another

about their students: "Kevin is by far the brightest student in the class. Not only does he refuse to do any work, he attempts to disrupt other people and gain attention." Here, too, they share stories about themselves, like Elissa, who chose to tell her class that she is diagnosed with a life-threatening disease. And, just as important, they share triumphs, like that of a teacher's extraordinary success with boys serving time in a correctional institute. A striking presentation of teachers' thinking about central current issues, this book will enrich everyone's understanding of what it means to be a teacher.

teacher, but now, after twenty years of working with children from preschool to college, there's nothing she'd rather be. In essays full of humor, heart, and wit, she illuminates the highs and lows of a job located at the intersection of youth and wisdom. Bringing you into the trenches of this most important and stressful career, she rolls her eyes at ineffectual administrators, weeps with her students when they experience personal tragedies, complains with her colleagues about their ridiculously short lunchbreaks, and presents the parent-teacher conference from the other side of the tiny table. From dealing with bullies and working with special needs students to explaining the unwritten rules of the teacher's lounge, *Why Did I Get a B?* is full of as much humor and heart as the job itself."--Publisher.

Teach Me, Teacher Sep 03 2020 The Power to Save a Life Jacob Chastain grew up in an environment filled with drugs and violence. Inside the home that should have felt safe, fear

and anxiety were the desperate norm. Stability and security eluded him as he was shuffled between family and friends that would take him in. But at school, things were different. There, day after day, year after year, Chastain's teachers saved him. *Teach Me, Teacher* is the true story of a childhood marked by heartache--a story that may be similar to that of the children sitting in your classroom. It's the story that shaped Jacob Chastain into the educator he is today. Lessons learned from his experiences as a child and as a growing educator offer reflections on the trials and triumphs facing teachers and students everywhere. From these lessons, we learn that one's darkest moments can ultimately lead to a meaningful and fulfilling life when someone cares enough to step in and make a difference. Written in celebration of teachers and the power of education, *Teach Me, Teacher* affirms that you have the power to save a life. "Jacob Chastain pours his heart out on the pages of *Teach Me, Teacher* by sharing his personal

Triumphs in Society Jan 07 2021 The essays and excerpts in this book convey messages of success beyond all odds, but were also chosen

because of the way they were written. Fully developed ideas are reflected in good sentence structure, making this book an excellent guide for anyone who needs to gain knowledge of the writing process for business or fun. As well as an instructional book about the writing process, this book contains essays and excerpts about life—affirming topics that provide an uplifting change of pace from traditional readers. This anthology focuses on possibilities and solutions rather than on our society's severe social problems and alarming trends. With its enjoyable model essays about personal triumphs, this book is ideal for those who need to learn the art of communication through writing.

keep new teachers in the profession. Like thousands before them, the seven teacher-authors of this book started their first teaching jobs full of energy and excitement. They were eager to implement the thoughtful practices and ideas they learned in their methods courses in order to make a lasting difference in their students' lives and to make a positive change in the profession. Then reality hit. After a few weeks in the classroom, some of the teachers found that their excitement and confidence were replaced by self-doubt, isolation, and disappointment. Instead of challenging the status quo in their school systems, some of the teachers found themselves slipping toward it as they tried to bring their teaching visions to life. In a climate where nearly half of new teachers leave the profession in the first five years, many early-career teachers are facing the same disillusionment and challenges. That's why these seven teachers got together with a university researcher to study what life is really like for

new teachers. The authors recount their experiences from the preservice year through the first six years of teaching. They share moments of joy and success, but they also tell hard stories about obstacles that drive the knowledge, enthusiasm, and energy of new teachers underground and cause many to leave the profession. Their stories will resonate with both new and experienced teachers, offer important advice for job seekers, and provide much-needed insights for university faculty, school administrators, colleagues of new teachers, and district leaders to think about how they can better embrace the energy and innovation that new teachers bring while supporting them in moments of insecurity and vulnerability. New teachers will know they are not alone and that even when they feel the least empowered, they actually do have a voice and can use it to effect change.

The Accidental Teacher Nov 24 2019 The Accidental Teacher is a humorous and

provocative account of the authors experience teaching English in a California public high school with absolutely no qualifications, training or previous experience. Equal parts McCourts Teacher Man and Keseys Cuckoos Nest with a dash of Sedaris and a shot of Hunter Thompson, the story follows Mr. Mandel as he muddles through his first year, mangling metaphors and alienating administrators while attempting to engage a very difficult group of teenagers. From his outsiders perspective, Mr. Mandel provides pointed commentaries on the troubling issues facing public education and poignant accounts of his students lives and his own personal journey; frequent digressions offer literary allusions from the subtle to the ludicrous. The author displays a wry sense of humor as he struggles to counter administrative absurdities, to appease his own Nurse Ratchet, and to compensate for his own deficiencies. The Accidental Teacher is certain to entertain and interest anyone who has taught, wants to teach, cares about public education, or

dreams of changing careers late in life. *A Medical Teacher's Manual for Success* Aug 22 2019 Innovative and practical, *A Medical Teacher's Manual for Success* is an essential resource for medical school faculty members who want to teach well.
